You will most likely receive an answer to your application by July 2020.

Everyone who arrived in Norway in 2018 and 2019 will be interviewed by the end of June 2020. You can ask the staff at the reception centre whether we have decided on a date for your interview.

Persons who arrived in early 2019 will be interviewed before those who arrived in late 2019. Those who arrived in late 2019 will be interviewed in May or June.

We process most cases directly after the interview. If we need to carry out further investigations in your case, it may take longer. In such case, you will receive a letter at the end of June 2020.

We are sorry that the waiting times are longer than previously announced. If you have to wait longer than others you know, this does not mean that there is anything wrong with your application or that we have forgotten about you.

Many people ask us whether we can prioritise their case. Unfortunately, we can only prioritise the cases of persons with serious health problems. You can read more about this at udi.no/prioritering

Updated information about waiting times will be provided at the end of April 2020.
