

2. Guidance path

- ▶ General guiding
 - Adults & families
 - UMA's

Algemeen begeleidingstraject

Guidance path - milestones

1. To inform and advice in the administrative procedures

2. To observe and set up a first social, psychological and medical profile.

- ▷ In order to identify the specific needs of the resident → Medical intake
- ▷ Via interviews with the social assistant and → Social Intake

3. Individual evaluation after 30 days

- ▷ To identify specific needs and the most appropriate place if needed

4. Monthly update of individual guidance plan

- ▷ Multi-disciplinary teams

Guidance path - milestones

6. Decision end of stay

- ▷ To inform and advice in the possibilities & limits related to the desicion

7. Accommodation & social welfare

- ▷ Support to find private accommodation
- ▷ Financial support

8. Out-take

- ▷ Information about end of stay & nex steps
- ▷ Handing over equipment of the center

Continuously follow up

▶ Multi-disciplinary teams

- Nurse/doctor
- Social worker
- School referent
- Educator

▶ Transparant for the resident

- Information during intake
- Direct contact & input
- The resident is the “owner” of his file → print

Continuously follow up

▶ Every month a follow up

- not the one who calls the hardest, needs the most attention
- It' s not a “one shot” assessment → needs evolve in time, also people and organisations
- Based on input from
 - Resident
 - Preparation of “referent social worker”
 - Multi-disciplinary team → monthly meeting

Specializations

- Time-out
- Labelling of persons with special needs
- Young mothers
- UMA Non-asylumseekers
- Disabled persons
- Medical needs
- Mental problems
- Open Return Places

Objectifs

- ▶ Offering professional support for specific needs so the resident is accommodated in the right place.
- ▶ Giving a added value to the reception centers by offering more variety beside the “generic reception”
- ▶ Developping spicializations and sharing competencies by creating communities af practeces of staff who are dealing with the same target groups
- ▶ Offering staff members the possibility to grow from “generalist tasks” to specialists for specific target groups

Specialized reception centers

► Young mothers (Fedasil)

- Directly orientated (one step only)
- Specialized reception center of Rixensart
- 40 places
- Nursery (official quality standard)
- Appropriate support (learning baby care, etc.)

► Behavioural difficulties «Time out» (Fedasil)

- Specialised wing in Saint Trond reception centre
- Break time for the adolescent and the team
- 5 days of intensive support (tailored to the individual needs)
- 10 places + 8 emergency
- Prevention and educational goal (avoid escalation of violence)
- Non Violent Resistance

Specialized reception centers

► Street children profile (Fedasil)

- Mostly non asylum seekers, mostly from North Africa
- 1st step : observation and orientation « au vert »
- Far from negative influence of urban areas
- To clarify the project (stay in Belgium or ...) and stabilize
- 20 places and increased educative team (14 FTE / 20)
- Duration : maximum 2 months

► Children between 8 to 14 years old (Rode Kruis)

- Specialized wing in the reception center of Overpelt
- 15 places
- Less than 14 years old => regional competence (Youth Services)

Specialized reception centers

▶ **Most vulnerables (Co funding Fedasil and Youth services)**

- Need of more intensive psychological support ; mental problems ; heavy family problems ;
- Small scale living groups
- 37 places in 2 reception center
- **Other most vulnerables => Youth Services**
