#### Bodø mottakssenter

Establishment of reception centers. Possibillities and challenges.

## Bodø mottakssenter

# City size, about 50 000 people.....

#### America next.....

#### Various factors.

- Employees
- Houses
- Residents
- Partners,
  - important to part of
  - naturally way

## Employees/ reputation

- Good dialogue with the community
- Good dialog with close actors
- Professionals dealing with residents

- Ethical attitude made visible to everyone
- Our attitudes appear in all contexts where "our" residents go. How do we affect?
- Employees are also visible.

### Good contact......

# ....with, police, communities, municipality etc

### Residentes, some challenges

- Criminality
- Waiting

- Around the houses:
  - Garbage
  - Snow
  - Gras
  - Bicycles

# Part of neighbourhood

# Visible

## ...simple, but acceptable standard!

# Rebuilt .....

# ....bicycles.....

# ....all over the camp.

# Different responsibility....

## But, some care...

#### ..more....

## ..... than others.

#### What can we do about this?

- Important to give information about:
- Visibility in the community
- Strong focus from settled.
- Responsibility for own reputation
- Facilitate:
- Take part in normal activities
- Be part of..

# Responsibility, part of...

#### Partners.

- Attitudes, the way we act
- Visibility of receipt
- Participate
- Information
- As a receipt employee profiled in a good way.
  All are visible in the community.
- Openness

# Part of parade....

# .....Integration?

# Generating work

#### Back to local community...

- Norwegian model:
- Budget,
- 6,5 employees
- About:
- 10 000 000 NKR/ 1 330 000 Euro
- Payment residents: (150)
- - 5 000 000 NKR/ 665 000 Euro
- direct transfers to the municipality from the state
  ??

### School

# Nature, a challenge.
